

SEMINAR SERIES ON TEACHING FRESHMAN CHEMISTRY

"The T.A. As A Discussion Leader"

Bassam Z. Shakhashiri

2:25 p.m., Friday, December 4, 1970

}Room B317

The second seminar in this series will focus on how a teaching assistant should or should not conduct a discussion session. A "model session" will be presented along with specific suggestions on how to handle situations that usually develop while leading a discussion group.

A number of individuals have expressed an interest in holding this Seminar Series at a different time than Friday p.m. because of teaching schedule conflicts. It is virtually impossible to find a time that is suitable to everyone; therefore, a rerun of the Friday session will take place on the following Monday at 4:30 p.m. in B317.
