

# Presidential Working Group on Climate Science

Bassam Z. Shakhashiri, Ph.D.  
ACS President

## **CHARGE:**

- Develop a “toolkit” on the science of global climate change for the more than 164,000 members of the American Chemical Society.
- Articulate strategies for ACS members to use the Toolkit in disseminating climate science information to school teachers, college and university faculty, civic and religious groups, professional scientific and educational organizations, and elected public officials at all levels and in all branches of government.
