

A Holiday Tradition

ONCE UPON A CHRISTMAS CHEERY . . . IN THE LAB OF SHAKHASHIRI

Prof. Bassam Z. Shakhashiri

(with a little help from his friends)

This fun-packed and educational presentation is for people of all ages. You'll see balloons shrink and grow. You'll learn about fog and flames, smoke and explosions. These and other spectacular demonstrations will keep you at the edge of your seat, while you see science in action.
